SUMMARY

To secure a challenging role as a Data Analyst and Machine Learning, utilizing my skills in Python, data visualization tools, and deep learning to drive business growth and innovation, while continuously learning and expanding my expertise in Artificial Intelligence and Data Science.

SKILLS

Technical skills: Data analysis, Data visualization, Data science, web development

Languages known: python, html, css, sql

Tools known: Power BI, Tableau, Mongo db

Soft skills: leadership, Team Collaboration

EDUCATION

Bachelor of Technology in Artificial Intelligence And Data Science

Aug 2022 - Present

Prathyusha Engineering College, Tiruvallur

CGPA - 9.0

INTERNSHIPS

Artificial Intelligence & Machine Learning Intern, Virtual Techz Service

Jul 2024 – Aug 2024

- Utilized a variety of techniques including linear regression, logistic regression, decision tree, random forest, gradient boosting and neural networks.
- Developed new functions and applications to conduct analyses.

Web Development internship, Octanet Service pvt ltd

Aug 2024 - Sep 2024

- Reviewed project specifications and devised solutions for use across multiple websites.
- Designed visual and graphic images to use on multiple platforms.

Data Science Intern | PK Rain Technologies

Apr 2025 - Jun 2025

- Developed strong analytical thinking, Python programming.
 - data preprocessing, visualization, and machine learning and virtual collaboration skills.
-

MINI PROJECTS

- Mobile Price Prediction Using Machine Learning
 - Sentiment Analysis Using IMDB (NLP)
-

CERTIFICATIOS

- NPTEL Certificate in Deep Learning
 - Honors Diploma in Computer Application Certification
 - Geodata Processing using Python and Machine Learning Indian Institute of Remote Sensing (ISRO) Programming
 - Fundamentals using Python Infosys Springboard
-

ADDITIONAL INFORMATION

- **Languages:** English, Tamil
